

THE RIGHT HIRE, OR EVERY PENNY BACK!

Recruitment fees too high?
Not getting value for your money?
Wish there was another way?

If you've answered yes to any of the these questions, then my **Fitability®** approach is for you.

ALL REWARD NO RISK

You know those sliding scale rebates?

Where you have to quibble with accounts for a sum that may cover a round of drinks?

I hate them.

That's why I provide a 6-month 100% rebate as standard

Fitability® is always risk-free.

EVENT & EXPERIENTIAL SPECIALIST

I've been working in the recruitment, Live Events and Experiential sectors for over two decades. I've been a candidate, a client, and a recruiter.

Recruitment isn't hard, but doing it well is hard work. Not every person with a recruiter job title is willing to put in the graft. But I am.

I care deeply about my work and I'm generous with my time.

FITABILITY® APPROACH

It's so good, I stuck a trademark on it. Why?

My job adverts and video explainers help you stand out from the crowd.

I refine your job descriptions and create bespoke role profiles through intensive briefing sessions, to give candidates a clear picture so they can make choices with confidence.

My thorough screening process saves you time by whittling down my shortlist to the most suitable people only.

Brand and culture sessions give candidates the chance to learn all about your business and working environment.

Get to know the people you're meeting through my transcribed interviews and candidate overviews
